## COLLEGE

### **Bryn Mawr College** Department of Physics Assistant Professor

The Department of Physics at Bryn Mawr College invites applications for a full-time, tenure-track, beginning Assistant Professor position to begin August 1, 2018. We seek an outstanding experimentalist in physics, applied physics or related fields to compliment the department's experimental research programs in atomic physics, condensed matter physics, and plasma physics, as well as theoretical programs in astrophysics and high-energy physics. The successful candidate will contribute to a program that combines teaching courses, seminars and laboratories at all levels with independently defined, externally funded research in collaboration with both undergraduate and graduate students. Ongoing collaborations exist with colleagues in other departments, at neighboring institutions and with institutions across the country and internationally. Candidates must have completed all Ph.D. requirements by the start date. Postdoctoral experience is preferred.

To apply for this position, candidates must submit a cover letter, a curriculum vitae, a statement of teaching philosophy and interests, and a research plan that includes a start-up budget and a description of how undergraduate and graduate students can participate. Please submit your application to the Physics Department Search Committee via Interfolio ByCommittee at: <https://apply.interfolio.com/43006>. In addition, arrange for three letters of reference to be submitted via Interfolio to the Physics Department Search Committee by the application deadline. Applications received by November 6, 2017 will receive full consideration.

Located in metropolitan Philadelphia, Bryn Mawr College is a distinguished liberal arts college for women and has strong consortial relationships with Haverford College, Swarthmore College, and the University of Pennsylvania. Bryn Mawr has a student body of 1,300 undergraduates, as well as 350 graduate students in coeducational graduate programs in social work, humanities and science. We are a diverse and international community of faculty, students and staff who share an intense commitment to intellectual inquiry and a desire to make meaningful contributions to the world. The College supports faculty excellence in both research and teaching and is committed to social justice and inclusion in the classroom and in the community at large. Bryn Mawr College is an equal-opportunity employer; candidates from underrepresented groups and women are especially encouraged to apply.

Sincerely,

Xuemei Cheng, Chair  
Associate Professor  
Department of Physics  
Bryn Mawr College  
101 N. Merion Ave.
